

PalmFreeMCT

BOOSTING YOUR ENERGY

Medium Chain Triglycerides
100% Palm Free

Functional & Beneficial

PalmFreeMCT™ is an oil product made from Coconut fatty acids and is 100% neutral in smell, taste and colour. The product comes standardly in 2 different ratios of Caprylic (C8) and Capric (C10) fatty acids

(1) C8C10 = 60/40

(2) C8 >99.

Safety and quality are always our first concern.
This product is made in Europe under strict guidelines, is triple distilled and as pure as can be found anywhere on this planet.
And yes. Competitive too.

MCT oil find its original use as a natural "solvent". It can dissolve fatty substances, has no flavour and water like fluidity. In the early days the basis for making MCT's was either Palm Kernel oil or Coconut oil. Due to immense impact that palm plantation have on local biological biodiversity, however, an increasing number of companies are choosing for strictly palm free products.

PalmFreeMCT™ - Boosting your energy

Currently no EU health claims are allowed.
Original scientific papers are available freely upon request

PalmfreeMCT™ is available in bulk, Private label bottled product as well as vegan soft gels. The product is Free from allergens and chemicals.

TECHNICAL DATA SHEET

COCONUT FATTY ACIDS

Our MCT oils contain fatty acids from coconut only.
No Palm Kernel.

TRIPLE DISTILLED

The oil has undergone extensive refining and is free from any pesticides & pollutants.

SOLVENT FREE

No solvents are used in our processing.

TASTE & ODORLESS

MCT oil has been used for years to dilute food grade materials due to its neutral character and solubilization properties.

Think of Vitamin A, D3, or K and more recently CBD oil.
