

Veganergy

PALM FREEMCT POWDER

Vegan fat powder that provides MCT's

Our vegan powder is a vegan fat powder with a 70% oil load, based upon our refined PalmFreeMCT oil (C8 or 6040). The oil is made in Europe and is spray dried with (Prebiotic) Acacia Fibers. The powder is intended for dry formulations like Diet foods, Sports nutrition, Meal Shakes and can also be used in bakery type applications

Medium chain Triglycerides (MCTs) are made from coconut fatty acids only and are a quick form of energy as it bypasses the regular lymphatic fat uptake and goes straight to the blood & liver.

The off-white powder has a neutral taste & smell and gives a free flowing texture. It can be applied in dry applications that need a source of functional fat and/or fibers. It perfectly fits into high fat/low carb diets

Currently no official EU health claims are allowed.
Original scientific papers are available freely upon request

Veganergy is available in bulk and private label formulations fitting your needs. It is often used in specialised (Ketogenic) Diet, sports nutrition and elderly nutrition

Guaranteed safety, quality and consistency by your trusted supplier Lus Health ingredients. Find out more at lusingredients.com or email us info@lusingredients.com
Veganergy is a brand of Lus Health Ingredients b.v.
